

## The Insight Cruises Experience:

“As I look back over the ten voyages, all I can say is ‘thanks for the memories,’ you have really broadened my horizons and those of my family.”

**Barbara Freeman (Bright Horizons)**  
(11x Insight Cruiser)

“A heartfelt thanks to you and the rest of the Bright Horizons crew who made our first Cruise + Conference such a fantastic and rewarding time. Lyn and I had been putting off a major holiday for many years with work commitments and children and came to the cruise after four wonderful weeks of touring through France, Germany and England. The cruise was the ‘icing on the cake’ and the best thing about the cruise (not to denigrate the Norwegian fjords and people) was the conference itself. First Class!!!”

**John and Lyn Egan (Bright Horizons)**

“Just a follow-up to say that I thought the program was sensational from start to finish ... When I am asked how Norway was, I explain that I didn’t go to see Norway. The program is the reason I made this trip. Thanks again for making this a memorable trip.”

**Gretchen Rohland (Bright Horizons)**

---

***This was the best vacation I have had in a very long time.***

---

---

***I’m not sure when I’ve traveled with a group that does all these nice “extras” AFTER the trip... no wonder you all have so many repeat travelers. Thanks!***

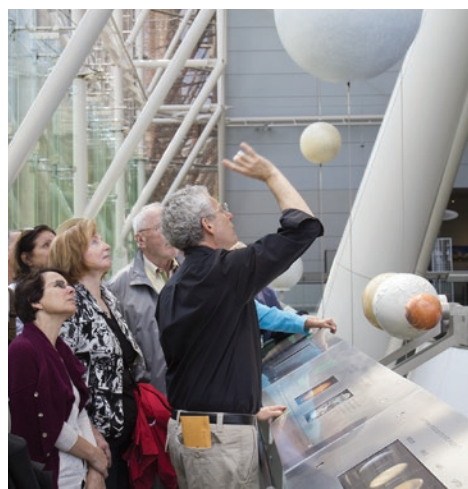

---

“MacMania was more than I hoped for. We look forward to another voyage with Insight Cruises.”

**Michael Carrick (MacMania)**  
(3x Insight Cruiser)

“Steve and I thoroughly enjoyed the MacMania trip!! Steve attended EVERY class ... and was impressed. That says a lot to me cuz he’s a tough audience. The Insight Cruises advance communications were excellent and Holland America is classy. Thank you for all your wise efforts and hard work. We will highly recommend Insight Cruises.”

**Sandy & Steve Dvorsky (MacMania)**

“You all are fantastic! I’m not sure when I’ve traveled with a group that does all these nice ‘extras’ AFTER the trip ... no wonder you all have so many repeat travelers. Thanks!”

**Deborah Castleman (Bright Horizons)**

“Thanks for the info. Having the slides is a very nice touch for an experience that I didn’t think could be made even a little better. ‘Keep swinging for the fences!’ When there’s a Travel Agent Hall of Fame, you can count on my vote.”

**Robert Beckhardt, M.D. (Bright Horizons)**

“Count us as loyal fans. Even more satisfying than our earlier cruise [with Insight Cruises] — which was fabulous as well. We’ve been pitching Insight to all our friends.”

**Richard Winn (Bright Horizons)**

***Insight Cruises provides the best experience that we have had with affinity cruises.***

“I am happy to say that it was superb. I enjoyed every minute of it, including the lectures, the lecturers, the participants, the side trips, the visit to CERN, and the cruise itself. The tour leaders made it a well-organized and enjoyable time.”

**Jerry Ditter (Bright Horizons)**

“Thanks for the photos and thanks for a great adventure. Everything was perfect.”

**Ken & Diane Martin (Cosmic Trails)**

---

*This cruise was the best cruise of all — it provided extraordinary intellectually stimulating programs. The Teaching Company professors, other passengers, and Insight Cruises staff were great company. I generally avoid group tours but this was exceptional.*

“The trip was fantastic from start to finish. I cannot think of anything that would have improved it.”

**Robert J Kurman, M.D. (Bright Horizons)**

---

*What a wonderful range of topics you provided. The speakers’ presentations were lucid and expertly organized.*

---

“Five stars! I am totally impressed by Insight Cruises based on this experience. I have been on four other cruises and traveled extensively in the U.S. and abroad, and this cruise was the best cruise of all — mostly because it provided extraordinary intellectually stimulating programs. The Teaching Company professors, other passengers, and Insight Cruises staff were great company. I generally avoid group tours but this was exceptional.”

**Anonymous (The Great Courses Travel)**

“It was an incredible and incomparable experience. Loved it.”

**Anonymous (The Great Courses Travel)**

“Insight Cruises offers one-of-a-kind experiences for those who still find learning exciting.”

**Judith Majher (Times Journeys) (3x Insight Cruiser)**

“This was the best vacation I have had in a very long time. I LOVE to learn, and I was never disappointed on this cruise with Insight Cruises.”

**Dayla Sims, Ph.D. (The Great Courses Travel)**

“Absolutely exceeded my expectations. Would frankly have become a bit bored on a boat for two weeks if it had not been for the course lectures and the participants.”

**Des Bell, M.D. (The Great Courses Travel)**

“This was my 11th one and I am signed up for three more. That should tell it all.”

**Carol Stevens (The Great Courses Travel) (11x Insight Cruiser)**

“I have travelled extensively, and this was a highlight of my leisure travel experiences.”

**Dr. Karen O’Kain (Times Journeys)**

---

*Thanks to the quality of the program, the intellectual engagement of the participants, and flawless coordination by Insight Cruises, this cruise was an incomparable and thoroughly enjoyable learning experience.*

## The Educational Component:

“The lecturers were wonderful. Very knowledgeable and accessible.”

**Barbara Cohen (Times Journeys)**

“Exceeded my expectations handsomely. I would not have missed a lecture for anything.”

**Des Bell, M.D. (The Great Courses Travel)**

“Congratulations on the choice of speakers. What a wonderful range of topics you provided. The speakers’ presentations were lucid and expertly organized. The evening get-togethers over a few drinks were a great finish to several of the day’s events. And finally, as we neared the end of the cruise, I said to [my wife], this event was the most intellectually stimulating week of my life!”

**John Paull, M.D. (Bright Horizons)**

---

*I am happy to say that it was superb. I enjoyed every minute of it.*

---

“John and I just want to tell you how much we enjoyed the intellectual stimulation of Insight Cruise’s Bright Horizons. The speakers were outstanding and it was wonderful to experience their degree of cooperation with and respect for each other as they referred questions back and forth between them during our Q & A sessions.”

**Roberta & John Simcoe (Bright Horizons)**

“‘Insight’ is the right word for the organization, both in the vision to have such an avenue for cruises augmented with inspiring and educational programming, and in the benefits of insight and inspiration for participants.”

**Elisabeth Zinser (Shakespeare at Sea)**

“This was a wonderful experience for me and my wife, who were not sure how we would enjoy our first cruise and only decided to do so because of the added attraction of the Scientific American seminar program. It was a critical factor contributing to our overall enjoyment and stimulation throughout the cruise.”

**John Mack, Ph.D. (Bright Horizons)**

“Had a fabulous time, and we’ll definitely see you again soon! Learned a great deal; fascinating!”

**Janet Wildman & James Victory (Times Journeys)**

---

*This was the most satisfying cruise I have ever taken. The lecturers elevated the quality of the cruise and stimulated my mind in ways I had not imagined. The congeniality, camaraderie and lack of ego expressed by the attendees made it very comfortable. The open seating and the tour leaders’ mixing of the attendees at dinner enabled us to meet many interesting people with completely different life experiences than our own. It was truly a memorable experience.*

“Great way to learn science from the masters.”

**Abe Utu Malae (Bright Horizons)**

“You don’t have to be a scientist or have a formal education in scientific disciplines to enjoy and learn from the lecturers, who make their topics accessible to a wider audience. I would highly recommend Insight Cruises to anyone with a curiosity about science.”

**Franklin Tessler, M.D. (Bright Horizons)**

“Combining cruising with high quality scientific lectures is a great idea and I thoroughly enjoyed it.”

**Ron Ford (Bright Horizons)**

“I liked being with that wonderful group of people. The professors were not aloof but very friendly. I do not have an academic background, just a lot of curiosity. Reading keeps me up to date on many subjects so I don't feel ‘lost’ when I participate in a Bright Horizons activity.”

**Betty Shaw (Bright Horizons)**

“I had the best time and learned so much. It was the best of both — a cruise and seminar series.”

**Anne Nelson (Bright Horizons)**

“With scientist speakers like the ones at the Bright Horizons conference, the trip is worth every penny.”

**Ruben D. Gomez (Bright Horizons)**

“The speakers and their topics were wonderful. I learned and have been inspired to read more. Thank you for assembling the talent we experienced.”

**Anonymous (Times Journeys)**

“It was super. The speakers were outstanding — very knowledgeable, fabulous at teaching, and deeply engaging. The group was first-rate — well read, very attentive, friendly with one another, and always polite and civil. When we said goodbye to one another, it felt like the last day of a wonderful college experience.”

**Kevin McDonald (The Great Courses Travel)**

***This was among the best experiences of my life. The (Scientific American readers) that I met on the cruise were the best part of the whole trip!***

***I was surprised at the generous number of parties and, beforehand, expected that they might get tiresome after a while. But I was wrong. They were wonderful opportunities to interact with the group; they never got old; and they always seemed to end too soon.***

## Camaraderie:

“I was surprised at the generous number of parties and, beforehand, expected that they might get tiresome after a while. But I was wrong. They were wonderful opportunities to interact with the group; they never got old; and they always seemed to end too soon.”

**Stephen Ressler, Ph.D.**  
(The Great Courses Travel)

“I especially enjoyed the social gatherings as it gives us a chance to one-on-one with each other and the speakers. I think these gatherings are an essential part of the Insight Cruises experience.”

**Anonymous (The Great Courses Travel)**

“This was among the best experiences of my life. The (Scientific American readers) that I met on the cruise were the best part of the whole trip!”

“Always a pleasure! A perfect blend of intellectual challenges, memorable scenery and special people with like interests. A real treat!”

**Nancy Carpenter (Bright Horizons)**

“A great trip! Got to see interesting places and learn about cutting-edge science from world-class scientists. Met many good people.”

**Art Curtis (Bright Horizons)**

“A wonderful concept. We really enjoyed the sessions and meeting new friends at dinner and the receptions and on excursions.”

**David and Mary Juvet (Times Journeys)**

“I can’t think of a better way to cruise. Both the speakers and our fellow participants were lively, intelligent, and fun!”

**Robert Donaldson (Times Journeys)**

“There was a fantastic synergy among the four presenters! There was also a great sense of community among everyone participating.”

**Michael Wyssession, Ph.D.**  
(The Great Courses Travel)

“Thanks to all of you for a most memorable, inspirational trip. To cruise with so many other people with similar interests and with such wonderful speakers made this a very special trip.”

**Roberta & John Simcoe (Bright Horizons)**

“This was the most satisfying cruise I have ever taken. I can only describe it with a mixture of awe, enthusiasm and humility. The lecturers elevated the quality of the cruise and stimulated my mind in ways I had not imagined. The congeniality, camaraderie and lack of ego expressed by the attendees made it very comfortable. For those who had not taken the cruise before, almost all of the remainder learned about it by reading Scientific American, had taken courses from The Teaching Company, and were fans of TED. The open seating and the tour leaders’ mixing of the attendees at dinner enabled us to meet many interesting people with completely different life experiences than our own. I could not keep from smiling to see that all of the men dressed the same (blue jeans or khakis), and wore sport coats and ties as ‘formal wear.’ It was truly a memorable experience.”

**Tom Riggs, M.D. (Bright Horizons)**

---

*I have travelled extensively, and this was a highlight of my leisure travel experiences.*

## What the Speakers Have to Say:

“I’ve run enough conferences and workshops to know how much planning and coordination must happen behind the scenes to ensure that the event runs smoothly. And this event couldn’t have run more smoothly. Thanks for putting together such an amazing, high-quality program — and for attracting so many amazing, high-quality people. It was a joy from the first day to the last.”

**Stephen Ressler, Ph.D.**  
**(The Great Courses Travel)**

*The speakers were outstanding — very knowledgeable, fabulous at teaching, and deeply engaging. The group was first rate — well read, very attentive, friendly with one another, and always polite and civil. ---

“I had never done anything like this before, and it really was life-changing, eye-opening, and just plain fantastic. The group was great, and the cross-disciplinary ideas just kept flowing — as did the champagne! You organized it superbly.”

**Diana McDonald, Ph.D.**  
**(The Great Courses Travel)**

“As mentioned, in 30 years of traveling to Europe and many organized trips, yours was absolutely the best-planned, seamless, and most professionally run and certainly the highlight. An inspiration to follow whenever we are traveling with groups.”

**Patrick Hunt, Ph.D. (Bright Horizons)**

“I thank you for contacting me to lecture on Bright Horizons (Scientific American); I gained so much from my colleagues in science and from the participants. I had lectured on a number of cruises for the [Blank] Alumni Organization, but the cruise of Insight Cruises was at an entirely different level of organization and educational seriousness.”

**Ken Harl, Ph.D. (Bright Horizons)**

“The cruise was great! We really enjoyed it. Best part was having a cohort of interesting, intelligent, questioning people from diverse backgrounds, with whom to mingle, dine, share shore expeditions, etc. We look forward to sailing again sometime with Insight Cruises.”

**Rich Wolfson, Ph.D. (Bright Horizons)**

“Just wanted to send a note saying what a fantastic time we all had. I think the talks went well; wonderful, smart, appreciative, interesting people in the group, and Mike and Candy were sweethearts to work with. All that, and the fjords were spectacular. Thanks again for making it possible.”

**Robert Sapolsky, Ph.D. (Bright Horizons)**

---

*In 30 years of traveling to Europe and many organized trips, yours was absolutely the best planned, seamless, and most professionally run and certainly the highlight.*

“I really enjoyed each and every talk — and attended every single one. In addition to learning a great deal of interesting information (and in some cases, cutting-edge new material), seeing sights previously never even dreamed of, and visiting wonderful new lands we never thought we would set foot on in our lifetimes, many of us gained new friends who we would love to stay in touch with. Perhaps that was the best part of all.”

**Jim Welsh, M.D. (Bright Horizons)**

“It was a fantastic experience, not just for the geology, but for the sense of camaraderie that developed among the lecturers.”

**Michael Wyssession, Ph.D.**

**Edward Majher (Times Journeys)  
(3x Insight Cruiser)**

“I want to thank you and express my gratitude. Charlie and Aaron were really excellent, very kind, very helpful, very clear, and on schedule. The presentations by Bob Naeye were fantastic! I could be the one in the group who traveled from the farthest, but I tell you that it was worth it. I hope to join Insight Cruises in a future event.”

**Jaime Salas (Cosmic Trails)**

“Aaron and Charlie were wonderful to interact with. Aaron really went the extra mile to assist. Charlie was on our bus for excursions and was a real pleasure to be around. Both Charlie and Aaron were on call and available for any needs that we had. They both seemed to be everywhere at all times looking after every detail.”

**Fred G. Hampel (Bright Horizons)**

“Candy and Michael were always available to help make the experience an enjoyable one.”

**Ira Lechner (Times Journeys)**

“The trip was better than expected and your man Charlie (Bright Horizons tour leader) is the best.”

**Mario & Maria Aveiro (Bright Horizons)**

“Michael and Candy (were) jolly, knowledgeable and considerate; good company. (They) arranged interesting meals, and changed plans nimbly when traffic issues arose.”

**Janet Wildman & James Victory
