Q. and A.

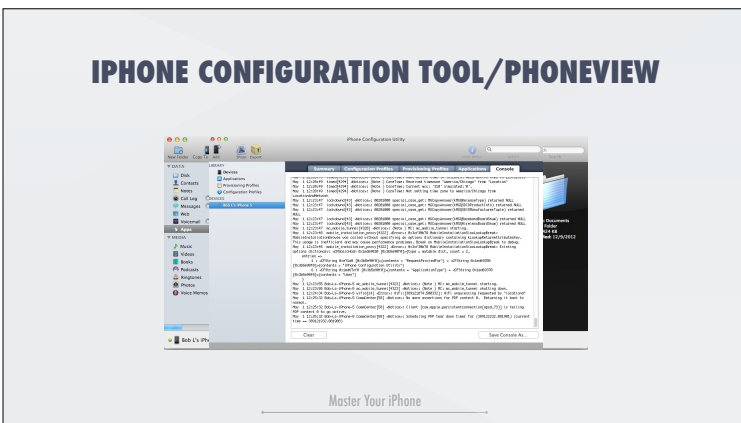

Master Your iPhone

Describe panoramas and then – **CLICK-** to start the slide show Relax and don't click again... Optional: Use Reflector to show audience how it's done live...

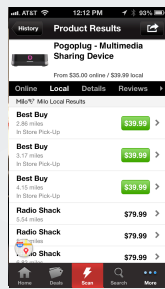

My batteries wide **-CLICK-** and tall **-CLICK-**

Ever wanted more control over the data in your i-device than iTunes provides? Try the free iPhone Configuration Utility from Apple. While it doesn't offer nearly as many options as Phone View (coming up), it is free and does provide lots of useful information like this: – **CLICK-** and this **-CLICK-**

Phone View, \$30 from ECAMM Network, is a much more comprehensive tool for mining data on your iPhone. You can **-CLICK-** look inside apps and at all of your

RED LASER

(CLICK) Shop at Best Buy, Fry's, or many other big box stores.

(CLICK) Use Red Laser or Safari on your iPhone to find a lower price on an item elsewhere.

(CLICK) Show the lower price to salesperson on your iPhone.

(CLICK) The store will (often) match the price.

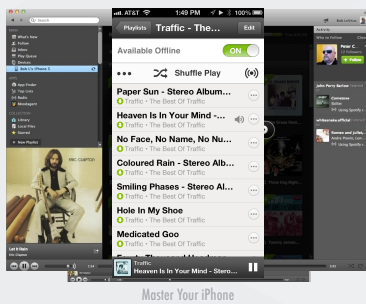

(CLICK) Scanning Hard Candy case (picture)

(CLICK) Results Hard Candy case (picture)

(CLICK) Results Syncmaster Monitor online (picture)

(CLICK) Results Pogoplug Local (picture)

SPOTIFY

Music service for Mac, iPhone/iPad/iPod touch/Android... Like a jukebox with 15 million songs!

(CLICK) Mac app user interface.

(CLICK) Spotify for iPhone on my main home screen.

(CLICK) Spotify syncs with iPhone (with paid subscription).

ACTION MOVIE FX: THE MOVIE

An iPhone/iPad app that lets you... Well, a movie beats words anytime, so here's one I made called "Action Movie FX: The Movie" --**CLICK-**

SATECHI UNIVERSAL SMARTPHONE CD SLOT MOUNT

Master Your iPhone

This is the Satechi Universal Smartphone CD Slot Mount **-CLICK-**

It's a smartphone holder that snaps securely into the CD slot on your car stereo; it solves the "iPhone in a cup holder" problem quite nicely.

In my car, the CD player is where the factory-equipped navigation system would be if my car had one, which is perfect. -

CLICK-

It swivels on a ball joint to almost any position, in landscape or portrait mode -

CLICK-

And it has a spring-loaded adjustable arm
